
Accommodation

Whether you are planning your stay in town or in the country - we have the right accommodation to suit every taste.

In our [digital host directory](#), you will find everything from basic to luxury hotels, small and individual guest houses, comfortable private rooms and self-catering holiday apartments and homes with plenty of space for you to run free.

Create your own host directory exclusively containing accommodation chosen by you and compare it yourself. Some establishments can also be booked online. For smaller accommodation, you can make a booking inquiry directly to the accommodation, which will promptly process and respond to.

You will also find a list of all camping grounds and caravan parks in the Schweinfurt 360° region. The tourist information is happy to help with your queries at any time.
